MEDIA INTEGRATION

Your music. Your Mercedes-Benz.

Taking your personal music collection with you wherever you go has never been easier. Mercedes-Benz now offers seamless integration of your iPod®/iPhone®¹ into the audio system of your CLK. With an interface that is compatible with any dock-connector – equipped iPod/iPhone device, your iPod/iPhone charges while connected¹. Steering wheel controls and a visual display of the track information make your iPod/iPhone a perfect fit with your Mercedes-Benz.

Mercedes-Benz iPod Integration Kit²

The Mercedes-Benz iPod Integration Kit puts the control at your fingertips while playing your favorite music directly from your iPod or iPhone. Additionally your iPod will charge while it's playing¹. The iPod integration connector is located in the glove compartment, and is compatible with most iPod models.

*Comfortably control your iPod
by using your steering wheel buttons:*

[A] Navigate within the iPod music menu

[B] Access the Main Menu and control the volume

[C] View the artist and title information displayed
in the vehicle's instrument cluster

iPod Cradle²

This black felt-lined cradle holds your iPod or iPhone in the glove compartment. The soft flocked surface blends perfectly into the glove compartment of your CLK and helps to protect your music player from scratches and damage.

BLUETOOTH INTERFACE

Bluetooth Interface Module

Combine the Mercedes-Benz Hands-Free Communication System³ with the Bluetooth Interface Module to update your car to state-of-the-art Bluetooth technology.

With Bluetooth technology your phone connects wirelessly with the Hands-Free Communication System. Bluetooth supports hands-free audio and limited call handling functions. Since the phone is not connected in a cradle, battery charging and use of an external antenna are not possible.

However you can keep your phone on your belt, in your purse... wherever it's convenient.

¹ iPod and iPhone are registered products of Apple Computer. All iPod and iPhone devices are sold separately. Charging not supported with iPod/iPhone devices which support USB charging only (e. g. iPhone 3G).

² The iPod Integration Kit and the iPod Cradle are compatible with dock-connector-equipped iPod/iPhone devices, with the exception of the iPod Shuffle. The iPod Integration Kit does not support telephone functionality of the iPhone.

³ Pre-Wiring as part of Premium P1 Package required. The Hands-Free Communication System is a dealer installed or port installed option. Additional parts and labor are required.

MERCEDES-BENZ NAVIGATION

More than a Map.™

COMAND Navigation System

The Mercedes-Benz Navigation System⁴ is a fully integrated system that combines Global Positioning System (GPS) technology with electronic mapping software to help you to plan trips, navigate detours and avoid getting lost. The Global Positioning System (GPS) satellites continuously track your vehicle's location, and rely on accessing the most up-to-date mapping information in order to give you the most accurate and efficient routes. The system can route you through more than 6.1 million miles of navigable roads in the United States and Canada. Just enter the address on the intelligent destination input screen, and the system takes over, guiding you audibly and with a clear and detailed 7" LCD map display. Do you need an idea where to go? The Navigation System also offers 1.7 million Points of Interest in 40 categories including ATMs, restaurants, hotels, airports, museums and more.

Navigation Map Update

Notice however, how quickly the surroundings change: roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data the GPS satellites rely on changes every year. That is why Mercedes-Benz offers reliable, and updated navigation data to help get you where you need to go, effortlessly. The Navigation Map Updates are available for purchase from your authorized Mercedes-Benz dealer.

⁴ Navigation system data includes the United States (excluding Alaska) and Canada. Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place. See your authorized Mercedes-Benz dealer for availability and details.

⁵ First year's Mercedes-Benz Tele Aid Package provided at no additional cost. Mercedes-Benz Concierge is available at additional cost. Subscription Agreement required for system to be active. Service operates only when cellular and Global Positioning System coverage is available.

⁶ Owner must authorize vehicle tracking and provide password and a valid stolen vehicle police report number. Password required to activate Remote Door Unlock.

Making the connection in your vehicle.

Mercedes-Benz Tele Aid makes connecting easy with three buttons in your vehicle – the SOS, Wrench, and i-Buttons. Simply push the button you need and you will be put in contact with the appropriate Mercedes-Benz Response Personnel or service. The Mercedes-Benz Tele Aid system automatically transmits information about the vehicle and its location.

| 1 |

| 2 |

| 3 |

1 | SOS Button

Push the SOS Button to have us contact emergency services if you need help or see someone who does. Additionally, when an airbag or seatbelt Emergency Tensioning Device is deployed, the vehicle automatically notifies the Tele Aid Response Center.⁸ If voice contact cannot be established with you or if you request assistance, emergency services will be notified.

2 | i-Button

Push the i-Button to get information – about your vehicle's systems, for directions, or to access a range of traffic and destination services. With the Mercedes-Benz Concierge⁷ package, the i-Button also connects you to the Mercedes-Benz Concierge, who can assist you by recommending hotels, making reservations, even ordering gifts.

3 | Wrench Button

Push the Wrench Button for roadside assistance. If you get a flat tire, run out of gas, see a warning light on your dash or for help with other mechanical issues, service personnel can be dispatched to assist.⁹

⁷ Concierge service available only in Mercedes-Benz Concierge Package. Route Assistance use included as part of Mercedes-Benz Concierge Package. Additional per use charge applies when used with Tele Aid Package. See your dealer for details.

⁸ Service operates only where cellular and Global Positioning Satellite system coverage are available.

⁹ Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided from an outside service, courtesy of Mercedes-Benz Roadside Assistance. Every attempt will be made to assist a customer, however; circumstances such as restricted roadways, acts of nature, and vehicle accessibility may limit our ability to provide services to you. For full details of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.

Child Safety Seats*

BabySafe Plus Infant Seat (up to 29 lbs.)

Deep, molded rear-facing seat design provides extra protection and padding designed to help protect very young children up to 29 lbs. or 31 in. long. Features integrated head support, adjustable sun/wind canopy, comfortable 3-position carry handle, and variable recline angle adjustment. Light grey fabric cover is removable for washing. Can be used in the vehicle with or without the base. Approved for use in commercial aircraft. Weighs less than 8 lbs.

This seat is LATCH¹⁰ and BabySmart¹⁰ compatible with provided LATCH belt¹⁰.

DUO Plus Toddler Seat (20-40 lbs.)

Designed to afford excellent protection for children approximately 1 to 4 years of age. Features include single-handed adjustment to change from the upright position to the reclined and sleeping positions, height-adjustable shoulder belt, back area ventilation channels, and an additional tether for securing the head section. Fabric cover is removable for washing. This seat is LATCH¹⁰ and BabySmart¹⁰ compatible.

KID Booster Seat (40-79 lbs.)

Any child who has outgrown the Toddler seat should be properly secured in a booster seat until he or she is at least 57" tall. KID Booster seat features a height and angle-adjustable back-rest and headrests that can be positioned for comfort. Integrated belt guides on the sides help to keep the lap belt from sliding over the child's abdomen where it could cause injury in an accident. Fabric cover is removable for washing. This seat is BabySmart¹⁰ compatible.

¹⁰ Please consult your owner's manual or dealer for proper installation of your child seat.

BabySmart/OCS Safety Information: Most Mercedes-Benz vehicles from MY 1998 through 2003, select models from 2004 through 2006, and current G-Class vehicles are equipped with BabySmart™. Mercedes-Benz vehicles equipped with BabySmart™ have a device that recognizes the presence of BabySmart™-equipped child seat when properly installed in the front passenger seat and deactivates the passenger front air bag (check your vehicle's Operator's Manual or labels located on the sides of your dashboard to verify). All current Mercedes-Benz models are equipped with the Occupant Classification System (OCS) (with exception of the G-Class) which is designed to turn off the front passenger's front airbag when the system senses the weight of a typical child 12 months old or less plus the weight of a standard child restraint. See vehicle's operators manual for important additional information on this system and further information regarding the transportation of children heavier than a typical 12 month old. All Mercedes-Benz child safety seats meet or exceed U.S. Department of Transportation standards. They are also suitable for use in older vehicles that do not have integrated LATCH (Lower Anchors and Tethers for Children) attachment points. Visit the National Highway Traffic Safety Administration's website at www.NHTSA.gov for additional information about child safety seat laws and proper use.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require professional installation and/or additional components to complete the installation in your vehicle.
